Q3 Product Update

Highlights

- Shipped offline mode for the field app; crash-free sessions at 99.6%.
- Onboarding time down from 9 days to 6.
- Two new regions live: Lisbon and Porto.

Numbers

- Weekly active teams: 1,240 (up 18% on Q2)
- Support tickets per 100 teams: 7.1 (down from 9.4)
- Release cadence: every two weeks, 6 releases this quarter

Risks

- Hiring for the mobile team is behind by two roles.
- The analytics vendor contract renews in November.

Next quarter

Q4 priorities

1. Tablet layout for the field app.
2. Self-serve billing.
3. Cut cold start below one second.

Asks

- Approve one more mobile hire.
- Decide on the analytics vendor by 15 November.
